About This Game

Infinifactory is a sandbox puzzle game by Zachtronics, the creators of SpaceChem and Infiniminer. Build factories that assemble products for your alien overlords, and try not to die in the process.

- **LIKE SPACECHEM... IN 3D!** Design and run factories in a first-person, fully 3D environment.
- **HISTOGRAMS ARE BACK!** Optimize your solutions, and then optimize them more when you see how much better your friends did.
- **VISIT EXOTIC ALIEN LOCALES!** Explore a story-driven campaign with 50+ puzzles, audio logs, and more.
- **BLOCKS THAT MOVE!** Go beyond the campaign and push the limits of Infinifactory's next-generation block engine in the sandbox.
- **STEAM WORKSHOP INTEGRATION!** Create, share, and play custom puzzles on Steam Workshop.

Title: Infinifactory
Genre: Indie, Simulation
Developer:
Zachtronics
Publisher:
Zachtronics
Release Date: 30 Jun, 2015
